Netflix Clone

Description:

The Project is Strumming Platform for entertainment. Hear Users Watch latest and old movies and web series.

It is Basically clone of Netflix India Strumming Platform. User Show Different type of web series and movie in different languages like Hindi, English, Telegu, Tamil, etc.

Hear User also Watch Movie according to category and top strumming series and movies. Categorize on different level like action, comedy, Romances.

Functionality:

Home page: home page contains header, navigation bar, slider of different trending movies and series. Also above part is different category like language and type. and last footer part contains different social media account and services.
Movie detail page: hear user see details about movie and watch movies. Also give suggestion like similar shows. And download movie as .mp4.
Upcoming movie page: hear give the details about new upcoming movies and series like release-date, title, rating, description.
Watch List page: User show pervious watch movie are show in this page. Like movie library.
Download page: User download the movie as .mp4 format.
About us: Hear User see details about Netflix services.

Technology Used:

1. **HTML5**
2. **CSS3**
3. **JAVASCRPIT**
